Brief introduction: creation and configuration of simple print images, cleaning and care

SUPPLIES

ECONOMICAL & CLEVER

The right materials for the job. Optimal interaction between the printing system and the consumables. Our basic order agreements help you minimize your inventory levels and your costs.

ENGINEERING

PROFESSIONAL & INDIVIDUAL

Special solutions are often needed to meet the specific requirements of your industry. Based on many years of engineering experience, our in-house R&D team ensures seamless integration into your existing production environment and we can also provide customizations. Your needs are our top priority.

TRAINING

SKILLED & EFFICIENT

Your workforce is highly skilled, which is reason enough for continued development of this valuable resource. Increase your productivity and take advantage of professional training tailored to your specific needs. Training is the key to success.

MAINTENANCE CONTRACTS

DEDICATED & PREDICTABLE

Keeping production running smoothly and efficiently at fixed, predictable cost is often critical. A maintenance contract tailored to your specific needs is the best way to avoid trouble. You have the choice of many different options ranging from entry level agreements to full-service contracts. It is definitely worth the investment.

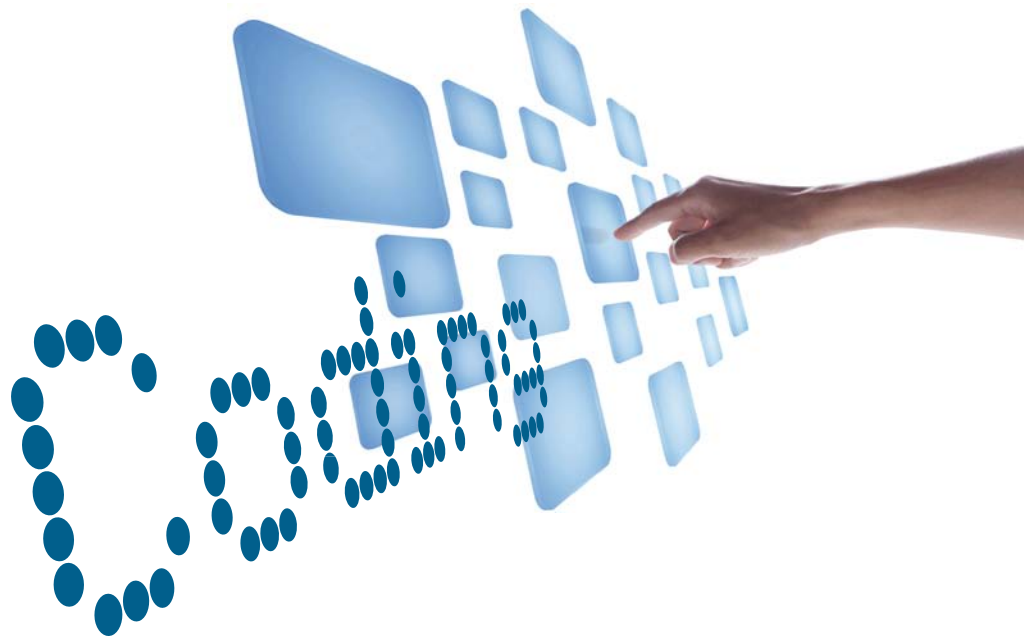

SERVICE COMMITTED & CUTTING-EDGE

For us, quality means “attention to minute details”. We are totally committed to keeping your system up and running. We have a service team that is at the very cutting edge of technology. Our fast, flexible on-site service, in-house repair and free technical hotline are designed to serve your needs. Professional support is within easy reach. Take advantage of it.

FINANCING ECONOMICAL & ASTUTE

We offer tailored financing plans. Attractive pricing, expertise that only the manufacturer can offer and top-class service make KBA-Metronic your ideal partner. Leverage our in-depth expertise to minimize your investment costs.

KBA-Metronic GmbH

Founded in 1972, KBA-Metronic GmbH is a medium-sized company with approximately 300 employees and has been a wholly owned subsidiary of Koenig and Bauer AG since 2004.

KBA-Metronic specializes in the development, design, production and marketing of printing, coding and marking technology.

As a total coding solutions provider, KBA-Metronic is at the forefront of the very latest market developments and totally in touch with customer needs.

KBA-Metronic coding systems can be found in many industrial application fields all over the world. Global leaders in all industries have successfully implemented ink jet, laser, thermal ink jet, hot stamp, thermal transfer printer and offline coding systems from KBA-Metronic.
